<http://en.nagoya-u.ac.jp/employment/>

Division of Biological Science, Graduate School of Science, Nagoya University invites applications for a full-time, tenured Professor position.

We encourage applicants who have shown world-class excellence in life science research. The successful candidate will organize a research group and teach in the Division of Biological Science.

**Duties:**

The successful candidate is expected to conduct:

- 1) Classes for graduate and undergraduate courses\*;
- 2) Research supervision for master's theses and Ph.D. dissertations;
- 3) Administration and management tasks;
- 4) Other ordinary duties.

\*Possible undergraduate courses to be taught include:

- \*Molecular Genetics Ia
- \*Biological Chemistry II
- Part of Reading in Molecular Biological Science I
- Part of Laboratory Courses in Biological Science IV
- Advanced Experiments in Biological Science
- Part of G30 Classes and Laboratory Courses (educations for international students)

\*Each course is equivalent to one 90-minute lecture per week for 15 weeks.

**Qualifications:**

- 1) Doctoral degree in any field of life science (e.g., biology, agriculture, medicine, or pharmacy)
- 2) Demonstrated ability to advise students at the undergraduate and graduate levels to obtain the degree
- 3) Willingness to participate in teaching courses for Japanese and international undergraduate and graduate students, and administrative duties
- 4) Strong expertise and evidence of success in life science research
- 5) English fluency sufficient to teach and guide international students
- 6) Japanese language proficiency is mandatory

**Term:**

The contract will start on April 1, 2022.

Note: Nagoya University has the retirement age of 65 years old for this position.

**Location:**

Furo-cho, Chikusa-ku, Nagoya, Japan

**Affiliation:**

Division of Biological Science, Graduate School of Science, Nagoya University

**Salary:**

Conforming to the rules of Tokai National Higher Education and Research System

<http://www.nagoya-u.ac.jp/extra/kisoku/act/frame/frame110001585.htm> (Japanese version only)

**Application Requirements:**

- 1) Full curriculum vitae with a photo attached, country of citizenship, university graduation date.
- 2) List of research achievements— please separate original papers from the others
- 3) Summary of research experience— about 1,100 words (English) or 2,000 characters (Japanese)
- 4) Proposal for future research plans— about 550 words (English) or 1,000 characters (Japanese)
- 5) Statement of teaching philosophy, addressing the applicant's ability to integrate creative thinking into the courses taught— about 550 words (English) or 1,000 characters (Japanese)
- 6) Evidence of achievements
  1. Research grants received (2017-2021)
  2. Invited lectures at any organization of international conferences (2017-2021)
  3. Other participation in symposia, workshops and educational courses (2017-2021)
  4. Activities in academic societies, prizes and awards
- 7) Three personal references from internationally recognized researchers with contact details
- 8) PDF files of five key articles (original papers only)

**Application Procedure:**

All applicants should submit their applications **via email**.

All required documents should be combined into a single PDF file and sent to “seimei-koubo@bio.nagoya-u.ac.jp” with “2021 Professor Application” in the subject line of the email. The size of each PDF file must be smaller than 20MB. After submission, you will receive a reply confirming receipt. Please note that incomplete applications will not be considered. Application documents will not be returned. Applicants will be notified of the final results by e-mail after the selection of the successful candidate.

**Selection:**

- 1) Short-listing through application review
- 2) Interview

Note: Only short-listed candidates will be notified via email for further instructions

**Contact:**

If you have any questions, please send an email to the same address as above (in English or Japanese).

**Application deadline:** August 31, 2021

**Others:**

- 1) Nagoya University is an equal opportunity employer. Applications from female researchers are encouraged.
